

MISSION

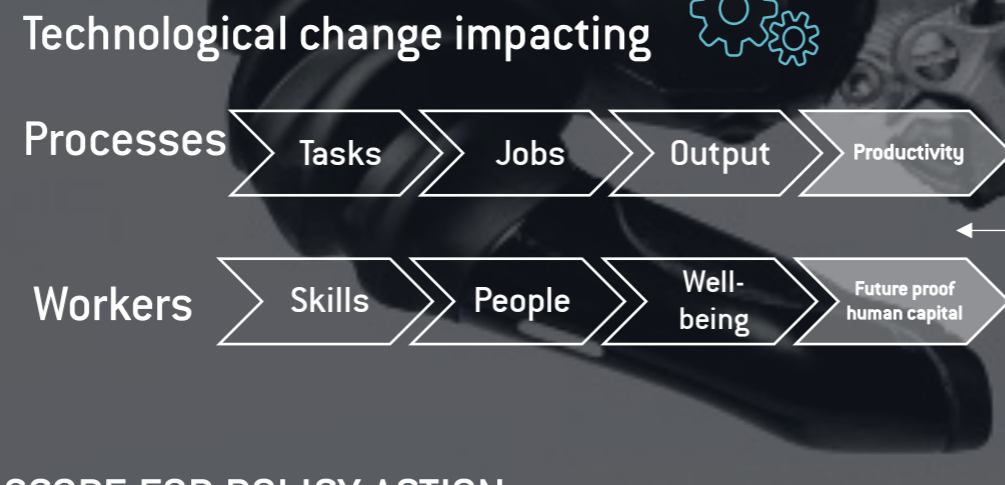

To build a lasting European platform on the Future of Work that:

- **monitors** the societal change induced by technological development and adoption
- **studies** the underlying dynamics of labour and product markets
- **inspires** decision makers with policy advice and best practises
- **provides** for a go-to sounding board to test ideas and solutions

RESEARCH

CONCEPTUAL FRAMEWORK

SCOPE FOR POLICY ACTION

- Education & reskilling
- Job & career transition
- Employment & social protection
- Taxation & redistribution
- Competition & regulation
- Data governance

WORK STREAMS

Technology & tasks:
changing what we **do** at work

Technology & the employment relationship:
changing **how, when & where** we work

Technology & skills:
changing what need to **know** at work

Technology beyond work:
digital inclusion & shared prosperity

ACTION

RESEARCH OUTPUT

DASHBOARD

A **comprehensive analytical tool** to monitor the impact of technological change on labour markets in Europe

- ✓ Updated in real-time
- ✓ Broad set of data sources
- ✓ Accessible and customizable

CASE STUDIES

Multi-level case studies to illustrate and share best practices from across Europe

Themes:

- Human-centered technologies
- Reskilling and transitioning of workers
